

The Nordic Congress In Low Vision 2022

”Pathways to Independence” - visual pedagogical methods and possibilities

The Nordic Congress in Low Vision on September the 7th- 9th 2022 in
Billund, Denmark

LEGOLAND Hotel & Konference, Aastvej 10B, 7190 Billund

Jubilee – Welcome to the 10th Nordic Congress in Low Vision! The congress addresses professionals working with people, children and adults, in the field of blindness and low vision.

In a time where we experience an augment on more individualistic demands, it is important to emphasize on inclusion and social participation. Living an independent life, is a principal in modern society, and is highly valued. How can professionals in the field of blindness and low vision contribute to initiate equal conditions in various communities for people with blindness and low vision?

The field of blindness and low vision is in constant change. It is of great importance to draw attention to knowledge and research. The aim is to contribute to equal conditions for people with blindness and low vision and enhance independence and inclusion. The congress will be an opportunity for Nordic professionals to meet and exchange experiences from both the practice- and science field.

At the congress, there will be presentations through lectures, posters and workshops. Exhibitors and retailers in low vision technology and aids will be present during the congress and situated in the exhibition area.

Registration is now open: Price 5690.00 DKR (Early bird price only applies to the first 200 registrations!). Then price 7025.00 DKR (Regular price).
